Dear Customer Service,

I would like to take this opportunity to express my thanks to you. We have been entirely satisfied with the computer services that you supplied. You have responded promptly to urgent requests and handled regular service and updates of our software on a timely basis.

Thank you for integrating our office computers and allowing our organization to save money on Internet connection costs by sharing a single T1 connection. You facilitated the sharing of printers, created an effective backup solution and centralized organization of files.

If making talented technicians truly available to your customers is an indication of the service I can expect in the future, you can be sure that I will recommend Computerish Networks, Inc. to all of my business associates.

You may use this letter as a reference.

Sincerely,

Geoffrey M. Gee, Esq.
